Transvaal Government Replies to Chamberlain's Latest Dispatch.

DESIRE AND ACCEPT ARBITRATION.

Burgers Deny That Proposals For a Five-Year Franchise Were Made For Unconditional Acceptance.

Pretoria, Sept. 18.—The reply of the government of the South African republic to the latest dispatch, dated Sept. 12, of the British secretary of state for the colonies, Joseph Chamberlain, after acknowledging the receipt of the British note, proceeds in part as follows:

"The government deeply regrets the withdrawal, as the government understands it, of the invitation contained in the British dispatch of Aug. 23, and the substitution in place, thereof, of an entirely new proposal.

"The proposals, now fallen through, contained in the Transvaal dispatches of Aug. 19 and Aug. 21, were elicited from this government by suggestions made by the British diplomatic agent in Pretoria, Conyngham Greene, to the Transvaal state secretary, F. W. Reltz, suggestions which this government acted upon in good faith, and after specially ascertaining whether they would be likely to prove acceptable to the British government. This government had by no means to raise again needlessly the question of political status, but acted with the sole object of endeavoring by the aid of the local British agent to put an end to the strained condition of affairs.

"This was done in the shape of a proposal, which this government deems, both as regards its spirit and form, to be so ordered as, relying upon intimations to this government, would satisfy her majesty's government. This government saw a difficulty as to the acceptance of those proposals by the people and legislature of the Transvaal, and also contemplated possible dangers connected therewith, but risked making them on account of a sincere desire to secure peace and because assured by Mr. Chamberlain that such proposals would not be deemed a refusal of his proposals, but would be settled on their merits.

"As regards the joint commission, the Transvaal adheres to the acceptance of the invitation thereunto given by her majesty's government and cannot understand why such commission, which before was deemed necessary to explain the complicated details of the seven years' law should now be deemed unnecessary and why it should now, without much inquiry be thought possible to declare this law inadequate.

"Further, there must be a misapprehension if it assumes that this government was prepared to lay proposals for a five years' franchise and a quarter representation of the new population before the Volksraad for unconditional acceptance. As to the language, this government never made any offer, such as is referred to, considering, as it did, such a measure both unnecessary and undesirable.

"The proposed conference, as opposed to the joint commission of inquiry, this government is likewise not unwilling to enter upon, but the difficulty is that an acceptance thereof is made dependent upon the acceptance, on the side of the Transvaal of precedent conditions which this government does not feel at liberty to submit to the Volksraad; and, moreover, the subjects to be discussed at the conference, remain undefined.

"This government ardently desires and gladly accepts arbitration, as its firm intention is to adhere to the terms of the London convention of 1884."

The dispatch concludes by trusting that the British government, on reconsideration, may not deem it fit to make more onerous or new proposals, but "will adhere to Great Britain's proposal for a joint commission of inquiry as previously explained by the secretary of state for the colonies to the Imperial parliament."

A Brutal Murder.

Charleston, W. Va., Sept. 18.—The news of a brutal murder committed in Boone county reached this city. Harvey Bailey administered a large dose of rough on rats to his wife, and while she was in a dying condition struck her with an axe, splitting open her skull, causing instant death. Bailey fled to the mountains, and is being hunted by a posse of enraged men, who have sworn to lynch him if caught.

Rev. G. F. Howard, swindler and all round confidence man, who escaped from the Ohio penitentiary in 1897, was captured near Jackson, Mich.

BY UNANIMOUS VOTE

Cleveland Car Employees Resolved to Continue the Strike.

Cleveland, Sept. 18.—At a meeting of the striking street railroad men it was decided by an unanimous vote to continue the strike. Four hundred strikers were present and speeches were made, in which victory was predicted. The question was decided by a rising vote, every man present standing up.

American Odd Fellows.

Detroit, Sept. 18.—The Sovereign Grand lodge was formally welcomed in the Detroit opera-house by Governor Pingree and Mayor Maybury. There are on hand 400 of the higher officials, including delegates, and over 1,000 of the rank and file to celebrate the Diamond jubilee of the order. Tuesday's feature will be the annual reunion of the past grand representatives and members of the Sovereign Grand lodge. Wednesday the grand parade will be held. Thursday will be given over to the prize drills, with a Rebekah concert in the evening. Friday and Saturday will be spent in sight-seeing and other pleasures.

Monastery Dedicated.

Washington, Sept. 18.—One of the most remarkable religious institutions in the country, the monastery and college of the Holy Land, established by the Franciscan friars of the Holy Land, was dedicated with imposing ceremonies, in which Cardinal Gibbons, Monsignor Martinelli, Bishop Plenk of Porto Rico, Monsignor Stephan, head of Indian missions, and many other prominent figures of the Catholic church participated. Very Rev. L. T. Kearney of Columbus, O., delivered the sermon. A flag raising gave a national and patriotic phase to this extensive undertaking.

General Wilson's Report.

Washington, Sept. 18.—The war department made public the abstract of a report from James H. Wilson, commanding the provinces of Matanzas and Santa Clara. General Wilson gives a large amount of statistical information regarding the provinces and their products, which will be of interest to Americans intending to do business in the island. He says that the social conditions have been much ameliorated since the American occupation.

Mexico's Celebration.

City of Mexico, Sept. 18.—The wife of President Diaz is somewhat improved in health, but was unable to take part in the national independence celebrations, which went off with the usual eclat. The magnificent illumination of the Cathedral of Mexico by electricity was the cause of general admiration, and the spectacle could be seen for 30 miles away like a vast mound of blazing light in the center of the valley of Mexico.

Fear the Indians.

Denver, Sept. 18.—News has reached Governor Thomas that a band of Utah Indians have left their reservation in Utah without permission to hunt in Colorado in violation of the state game laws. It is feared that the Utahs will be joined by the Ourays and the Uncompagres, and that the latter will seek to be revenged on the settlers for the killing of three of their tribes two years ago.

Colombia Shy of Funds.

Colon, Columbia, Sept. 18.—The supreme court of Panama has granted leave of absence to all subaltern employees belonging to the judicial administration, their salaries now being over 18 months in arrears. This step seems calculated to force the government to liquidate. The military officials continue to receive their salaries punctually each month.

Yaquis a Cruel Tribe.

Matzulin, Mex., Sept. 18.—Private advices from Sonora show that Chief Teablate of the Yaquis, who remained loyal to the Mexican government, was seized by the rebels and cruelly tortured, being stripped, slashed with knives and shockingly mutilated while the Yaquis danced about him taunting him.

Carpenters Quit Work.

New York, Sept. 18.—The carpenters and joiners in this city to the number of 8,500 quit work at noon and will hold meetings to decide whether they will go out on a strike for an increase of wages from \$3.50 to \$4.00 per day, and a half-holiday on Saturday all the year round.

Quake In South Africa.

Cape Town, Sept. 18.—An earthquake shock was felt strongly in Simonstown, on the west side of False Bay, about 25 miles south of Cape Town. The disturbance was perceptible here. There was considerable anxiety, but but no damage was done.

Cruiser Charleston shelled an entrenchment of Filipinos on Subig bay. Enemy returned the fire. No casualties.

TO ESTABLISH STORES.

Railway Employees to Protect Themselves Against Garnishment.

PLAN TO BE TRIED FIRST IN OHIO.

Groceries Conducted on the Co-operative Plan Will Be Opened at Division Points of the Various Lines.

Chicago, Sept. 18.—Leaders of the different railroad employees' organizations are now considering plans for the establishment of employees' grocery stores at the division points of the various lines throughout the country.

It is proposed to have the stores conducted on the co-operative plan, the stock to be subscribed for by the employees of all branches. The object of the store is not only to reduce prices, but to protect men against garnishee proceedings, which are often instituted to collect small accounts, and which many times cost otherwise faithful employees their position, as on many roads a garnishment suit is cause for dismissal. The stores are not intended to be money-makers, but if profit accrues from their operations it will be divided among the stockholders.

The new plan is to be tried first at Chillicothe, O., the division headquarters of the Baltimore and Ohio Southwestern road. Practical grocery-men will be placed in charge, and their accounts will be subject to inspection by a committee of stockholders.

If the grocery store is a success, other departments, such as clothing, boots and shoes, hardware and furniture may be added.

A Congressman's Death.

Reading, Pa., Sept. 18.—Hon. Daniel Ermentrout, who was elected in November last to his sixth term in congress from the Ninth district (Berks and Lehigh counties), died at his home here. He was 67 years of age. On Thursday last, while at dinner, a piece of meat lodged in his throat and a physician had to be called to save him from strangulation. Paralysis of the parts affected followed, but his death was unexpected. Mr. Ermentrout is survived by a widow and a son and daughter. Deceased was born in Reading in 1837. He was a prominent Democratic leader.

Swindler Howard Returned.

Columbus, O., Sept. 18.—G. T. B. Howard, famous for swindling operations in connection with European estates, and who was arrested at Horton, Mich., by Postoffice Inspectors Baird of the Tennessee division and Gould of the Chicago division, was brought back to the Ohio state penitentiary to serve out his sentence. Howard escaped from prison two years ago, after having served part of a 9-years' sentence for carrying on swindling operations through the mails.

To Fortify St. Johns.

St. Johns, N. F., Sept. 18.—The British admiralty has prepared a war map of St. Johns and the vicinity as a preliminary to fortifying the town. One copy, which is a most complete topographical presentation of the city and its environs, with every road located within a radius of 20 miles, has been forwarded to the British colonial office. It is understood that the work of preparing forts and a garrison will begin next spring.

Lucania Belated.

New York, Sept. 18.—The Cunard line steamer Lucania arrived at her pier 24 hours behind time. The primary cause of the Lucania's delay was the strike at Liverpool, which compelled the company to man the great steamer with boys and inexperienced men as firemen, who were unable to keep up the steam to the standard required.

Griffins Removed.

London, Ky., Sept. 18.—Governor Bradley ordered the state guards at Barbourville to take the two Griffins to Manchester, Clay county, and to remain there until further orders. Sheriff McHargue and deputies took them from here to Barbourville, and from there they were taken to Manchester without incident.

Battleship Kearsarge.

New York, Sept. 18.—The battleship Kearsarge arrived here from Newport News and anchored off Tompkinsville. She will proceed to the navy yard, where her hull will be scraped and painted, preparatory to her trial trip, which is scheduled for Sept. 22, off the New England coast.

Admiral Dewey, during his stay at Washington, will be entertained by the mother of Hon. John R. McLean.

CARTER'S COUNSEL

Expects to Go to Washington to Look After the Matter.

New York, Sept. 18.—Wayne MacVeagh, counsel for Captain Oberlin B. Carter, who has been abroad for his health, returned on American liner St. Louis. He refused to discuss the Carter case, but said he expected to go to Washington within a day or two. He has been much benefited in health by his trip.

Troop Sail For Natal.

London, Sept. 1.—The First battalion of the Northumberland Fusiliers, 900 strong, and detachments of the army service corps and ordinance corps sailed on the steamer Gaul at 2 p. m. from Southampton enroute to Natal. The men appeared to be in splendid condition and openly anxious for fighting. The Fusiliers went direct from Aldershot, but many of the officers started from London, receiving at Waterloo station an enthusiastic send off from the large crowd present. General Sir George Stewart White, V. C., former quartermaster general, who is going to command the troops in Natal, sails with his staff on the Tantalus Castle from Plymouth. He left London subsequent to the main body of the officers.

Captain Clibchester Talks.

London, Sept. 18.—Through General White tried to keep quiet the hour of his departure from London, a large crowd was present and gave him an ovation. Captain Sir Edward Clibchester, who commanded the British cruiser Immortale at Manila, is among the officers accompanying General White. He is going to Cape Town to command the second class cruiser Doris, flagship of Admiral Harris. Captain Clibchester said to a reporter: "This is my first march. It is difficult to say which way events will turn. My work is among the hewers of wood and drawers of water. I am to hustle to Cape Town and Delagoa bay, the prospective seat of war, in the Doris, with provisions and equipment for the men."

Burgers Are Prejudiced.

London, Sept. 18.—Of all the numerous channels through which South African news reaches London not one gives the faintest hope that the Boer reply will be favorable, the majority taking the view that war is extremely probable. The Boer representatives here and on the continent state that the British government is allowing itself to be influenced by those wanting British dominion over the whole of South Africa and that conviction of the truth of this is so firmly rooted in the minds of the Burgers that it is impossible to hope that they will accept the constantly proffered friendly advice regarding settling the matter on Great Britain's present terms.

New Incorporations.

Columbus, O., Sept. 18.—The Rubel Gluck company, Cincinnati, amendment changing name to the Henry M. Rubel company; the Silver Creek Coal company, Wadsworth, capital stock \$10,000; the Miami Valley Telephone and Telegraph company, Hamilton, capital stock \$10,000; the Drake-Maytham Steamship company, Mentor Special District, Lake county, capital stock \$150,000.

A Helpless Cripple.

Seattle, Wash., Sept. 18.—Hon. Gerald Petre, first cousin of Lord Petre of Essex, England, and next of kin and heir to the Petre estates in England, arrived here from Alaska a helpless cripple. His entire left side is paralyzed from scurvy which he contracted on the Lake Teslin route. He is enroute to Hot Springs, Cal., in search of relief.

Sending Men to Alaska.

Seattle, Wash., Sept. 18.—Alfred Day, representing a Philadelphia syndicate, is shipping men and material to Alaska for the construction of the second railroad in that territory. The road is to be 15 miles long, and to be used in connection with the development of 25,000 acres of coal lands on Kanchemo bay, Cook Inlet.

Sad News For Mother.

Vancouver, Wis., Sept. 18.—Corporal George Dampfhorfer of company B, Sixteenth infantry, who was sentenced to death at Manila, was a resident of this city. His mother, who resides here, is grieved at the news. Young Dampfhorfer has lived here all his life and has borne an excellent reputation.

Joined the Strikers.

Montgomery, W. Va., Sept. 18.—Six hundred miners in the Kanawha field and a similar number on the New river joined the strikers. An effort will be made to induce the miners of Flat Top fields to join the strike.

Yellow Fever Ravages.

Key West, Fla., Sept. 18.—The physicians have made no reports, but a great many cases of yellow fever are known to have occurred in the past 24 hours, and one death.

BATTLE IN THE STREET

White and Black Miners Engage in a Deadly Shooting Affray.

SIX OF THE LATTER BITE THE DUST

Row Precipitated by a Negro Non-unionist Firing into a Crowd of Whites, Who Luckily Escape Unhurt.

Cartersville, Ills., Sept. 18.—Cartersville was the scene of a bloody riot Sunday, in which four negroes were instantly killed and one wounded unto death, while two others received slight wounds.

Trouble has been hovering ever since the militia was recalled by Governor Tanner last Monday. The white miners of this place have refused to allow the negro miners to come into town, always meeting them and ordering them back. Thirteen negroes, all armed, marched into town, going to the Illinois Central depot, where they exchanged a few words with the white miners there, when the negroes pulled their pistols and opened fire on the whites, who at once returned the fire, when a running fight was kept up. The negroes scattered, but were closely followed by the whites, running up the main street, while the remainder took down the railroad track. Here the execution was done, all who went through town escaping.

After the fight was over four dead bodies were picked up and another mortally wounded. They were taken to the city hall, where the wounded man was attended to, and an inquest was held over the dead ones.

Trouble has existed here off and on for over a year, but no fatalities occurred until June 30, when a passenger train on the Illinois Central railroad was fired into and one negro woman killed. These negroes were on their way to the mines, having come from Pana. A short time afterward a pitched battle ensued between the union and nonunion forces, during which time the dwellings occupied by the union negroes were burned. Several arrests were made, and the parties are in jail at Marion on the charge of murder, awaiting trial.

The mayor has taken every precaution to prevent further trouble, and none will occur unless the negroes make an attack. The state militia is on the way here.

Superintendent Donely of the Brush mines, where the negroes reside, reports that the negroes are worked up into a frenzy, and that, while he is doing all in his power to hold them in check, he is afraid that he cannot do so much longer.

The names of the killed are: Rev. O. T. J. Floyd, Huse Bradley, John Black, Henry Braum, while Jim Cummings is mortally wounded and expected to die at any time. Two more dead negroes were later found near the Brush mines, swelling the total killed to six.

Troops Ordered Out.

Springfield, Ills., Sept. 18.—Governor Tanner has ordered two companies of the Fourth regiment, under command of Colonel Bennett, to Cartersville. He received a telegram from Samuel Brush, manager of the St. Louis and Big Muddy Coal company, at Cartersville, that five of a crowd of his negro miners, who had gathered at a depot preparatory to leaving, had been killed, a mob having fired upon them. Later advices reported seven killed and a number wounded.

To Establish a Reform.

Bluefields, Nicaragua, Sept. 18.—The event of the hour is the arrival of the new government intendente of the coast department, Dr. F. G. Bonilla, who comes to replace the present incumbent, General Antonio Estrada. Governor Bonilla and party arrived on steamer Rossiter and the formal transfer of office has not yet taken place. Governor Bonilla, the new intendente, has been president of the supreme court of the nation and left that high position to assist President Zelaya in carrying out his new reform measures. The present policy of the government is announced as guaranteeing protection to everybody in the coast department and encouragement is promised to shippers and merchants.

Anti-Trust Conference.

St. Louis, Sept. 18.—Nothing is known here as to the plans for the convention of governors and attorneys general called to meet in this city next week by Governor Sayers of Texas, for the purpose of discussing the trust question and of taking such action as they may see necessary. It is expected that at least half the states in the Union, if not two-thirds, will be represented at the convention.

WEATHER FORECAST FOR KENTUCKY—Showers Monday; cooler in western portion. Tuesday fair, warmer in western portion; showers in eastern portion; southerly winds, becoming variable. Showers and cooler Tuesday; southerly winds.

DEMOCRATS, ORGANIZE.

Mason County Democrats should go to work at once and perfect a thorough organization in every voting district. Other counties have already inaugurated this work and Mason should get in line. With a thorough organization, the full vote can be gotten out, and that means a victory in November.

"SIR THOMAS S. TANCRED has returned from Alaska, and we may now expect to hear something definite on the situation," says the Dover Messenger, speaking of the "Black Diamond." Br'er Curran, are you still working this "fake" on your readers?

It's amusing what a great liking some people have developed for Mr. Brown all of a sudden. We mean Republicans, of course; men who hated him sincerely, when he was a Democrat, but who now seem thoroughly in accord with the "grand old man," and will do all they can to help him—by voting their usual way.

EX-GOVERNOR BROWN says his Maysville meeting was the best he has held so far in Kentucky. He is greatly tickled over the applause he received. Probably he wouldn't think so much of his meeting or value the applause so highly if he knew that the audience was largely Republican and that Republicans did most of the hand-clapping. Out of all that crowd he won't get a handful of votes.

If the negro thinks Mr. Goebel is his friend let him ask for an office after he is "counted in" by his Election Commission.—Public Ledger.

While the editor of the Ledger is on this subject let him name the office that has ever been tendered a colored voter by the white Republicans of Mason County; and the white Republicans of Mason County profess to be very great friends of the colored brother, especially about election time.

The Louisville Post has done so much raving about the "iniquitous" Goebel election law it was hardly expected that it would come out and virtually endorse that law. If the Post is correct in its interpretation of the law, and there is no doubt on that point, Mr. Goebel will not have the slightest chance to commit fraud were he so inclined, but on the other hand will be at the mercy of the opposition. The following is what the Post says about the subject and it is in line with a previous editorial in the BULLETIN: "At each precinct there are four officers, two of whom may be police convention Democrats, and two of whom must be Republicans (Section 3 of Goebel law). Each party is entitled to a challenger at the precinct while the vote is being cast and during the count to an inspector. Therefore during the casting of the vote Goebel will have two election officers and the Republicans two; Goebel will have one challenger, the Republicans one, the Prohibitionists one, the Populists or People's Party one and the True Democratic party, headed by Gov. Brown, one. During the count of the votes each of the above parties will have one inspector. Hence, with the election officers equally divided, with one inspector for Goebel and four inspectors opposed to him, there can be no reason why the vote shall not be counted exactly as it is cast."

The Medicine Was Returned.

"Dear Doctor:—While buying the medicine you ordered at the drug store, I noticed the reserved seat chart of the theatre; I bought a seat, got my medicine and went to the theatre. I sent your medicine back untouched, I was cured by 'Casey's Troubles.'"

CAMPAIGN COMMENT.

The Hamilton Brothers Found the Outlook Bright in the Mountains—Only Two Bolters in Nelson.

Enquirer: "Messrs. George and Carroll Hamilton, the inseparable brothers, excellent types of the landed gentry of Kentucky who own a large domain of splendid blue grass proportions in the counties of Bath and Montgomery, the largest tobacco growers in the United States, and large dealers in export cattle, are at the Grand.

"We are returning home," remarked the Messrs. Hamilton, "from a month's expedition of cattle purchasing in the mountain section of our State. In view of the great corn crop there is sharp demand for cattle feeders and prices have advanced with the supply scarce. The cattle feeders of Ohio and Indiana invaded our section of the State, advanced the price half a cent on the pound, bought up everything in sight and forced us to the mountains for our feeders. We were fairly successful on our trip, though the territory is somewhat remote from us, and means long drives for the droves we bought. While in the mountains we heard much of politics. There seems to be very little disaffection there among Democrats. Those fellows will all come to the polls and vote the ticket. They are not built for bolters. At West Liberty, Morgan County, we passed a check for \$2,100 to Mr. Harris Howard, a political leader in those parts. He offered to bet the check, which could be cashed across the street, against \$1,000 that Goebel would be the next Governor of Kentucky. No one took him up. This is significant, for Mr. Howard knows the politics of all that section of the State.

"This was a straw showing which way the wind is blowing. We found the Democrats all through those counties practically solid. In our county (Bath) there is some soreness, but it does not amount to much, and will in the main be healed by November. In Montgomery there is more of it, from the fact that there has been for a long time two factions in the county. Goebel got one of them in the primary race, which annoyed the other against him. He had, however, when he spoke in Mt. Sterling the largest crowd we have ever seen in the county seat to hear him. There were people from several counties there, and the crowd filled the courthouse yard, full and overflowed into the streets far beyond, with the windows of all the adjacent buildings filled. Since then ex-Governor Stone spoke at Mt. Sterling in a very soothing style that did good and poured oil on troubled waters. His was a thinking, closely attentive audience, that sat in wrapt attention and drank in his words of warning against Republican and bolting deception and decoy ducks. Montgomery has mollified, and will be in line by November.

Elkton Progress: "All things can now be properly eliminated from the gubernatorial race in Kentucky save and except this one question, which do you prefer, Mr. Goebel or Mr. Taylor, Democracy or Republicanism? This is the issue before the people, and the one they must settle by their votes at the polls. It is needless to keep thrashing over that old straw, a story of how Goebel, Taylor or any nominee arrived at their nomination. They have been nominated, and now it remains for the people to choose between them. People that are Democrats have but one course to pursue."

Joseph Hardesty, a prominent merchant and loyal Democrat of Bardstown says:

"There are exactly two bolters in our county—Nelson, and I believe they will be ashamed to go to the polls in November and vote against the Democratic ticket. Our Democracy was never in finer fighting trim, and every man will be at the polls on election day. Don't have any fear about Goebel. He is a sure winner."

BUT FEW BOLTERS

Are To Be Found in Carter and Pulaski Counties—Taylor a Very Short Horse.

[Enquirer.]

Judge E. B. Wilhoit, of Grayson, Ky., the well-known lawyer and politician, is at the Emery. Judge Wilhoit was a Palmer and Buckner Elector for the Ninth Congressional district in the campaign of 1896, but remarkable to relate he is very heartily for Senator Goebel for Governor, and is willing to go on the stump for him and the regular Democratic ticket. "There are only four bolters by actual count in Carter County," said the Judge, "and they barely mustered enough force to make up their delegation to the Lexington convention. I heard Taylor, the Republican nominee for Governor, speak a few days ago and he is about the shortest horse that I have ever seen up in a State race. We don't want any man like that for Governor of Kentucky. I would like to have had about forty minutes in which to have answered his alleged

speech. I went to the Louisville convention for Stone, but the nominee, Mr. Goebel, is good enough for me in every respect. I was very fond of that grand old Democrat and statesman, Hon. John W. Stevenson, with whom I was associated eighteen years ago in some cases in the Federal Court of Covington. There was a young man in his office at that time who attracted my attention. When he went out of the office one day I asked Governor Stevenson who he was. He replied that his name was William Goebel, that he was his law partner, a very promising young man, and that he would make his mark some day. I observe that he is making his mark Governor Stevenson made good to his partner when he was twenty-four years of age. What a pleasure it would have been to Governor Stevenson to have seen his protégé inaugurated Governor of the grand old commonwealth."

Mr. George W. Tate, of Somerset, Ky., who manufactures 1,000,000 beer staves annually for the Cincinnati and Louisville trade, is at the Dennison.

"How many bolters are there in your county, Mr. Tate?" asked the Enquirer man.

"Just four by actual count in Pulaski County," replied Mr. Tate, "and they are counterbalanced by four Republicans within my knowledge who will vote for Goebel, and there may be many more. One of the four Republicans I refer to is Mr. Green Porch, who formerly lived neighbor to Senator Goebel, in Covington, and than whom he says there is no finer man living. Although Pulaski voted first, last and all the time for General Hardin in the convention, our Democrats are now cordially for the ticket."

In the commercial world has been secured by hard work. We have built our fame on honest soil. The soil where truth will live and bloom, while falsehood and deception are sure to fade and die.

There is a mighty, a gigantic force in square dealing, and long ago we learned its potent power.

Acts of duplicity and the tongue of falsehood never made an honest dollar. By adhering strictly to the most rigid methods of uprightness, our firm is constantly growing in favor and marching on to victory. In addition to an honest policy, we have added pluck, energy, untiring industry and a determination to secure the best of everything in the clothing world, and to get that article at the fountain head. In other words, to buy of the maker, the best makers, at the lowest possible price that spot cash can command.

PONDEROUS is the word that best conveys the extent of our fall purchases.

SUPERB is the word that most fittingly describes the great big stock.

IRRESISTIBLE is the word that conveys the fullest meaning of the low prices at which we will sell the goods. Yes, the low prices are very alluring.

If you are looking for a store where **QUALITY** and **ECONOMY** join hands, give us a call. You will find true value that is worthy of your attention.

In conclusion, permit us to extend our hearty thanks to friends, patrons and the whole community for the unstinted patronage of the past, which has made our business what it is, and hoping that we may merit and receive a continuance of the same, we are yours truly,

MARTIN & CO.

The venerable J. B. McGinn, of Versailles, left for home this morning after spending a few days here greeting his old friends. He was pastor of the Christian Church here twenty years ago, and preached at that house of worship last night. His discourse was an able one, giving a reason for the hope that was in him, and defending the religion of Christ from the assaults of agnostics. He pointed out some of the glorious work Christianity had done and is doing for the world, in proof that it was not a man-made religion, but was from God.

Superior and Kentucky DISC DRILLS

Are King and Queen of all Drills. Their superiority over all competitors are too well known to need comment; suffice it to say that we placed over sixty of these Drills the past season and have yet the first complaint from a single purchaser. On the other hand every one who used them stand ready and willing to give their testimonial as to the superior work done by them, and their unanimous verdict is if you expect to purchase a Drill this season, get either the

SUPERIOR OR KENTUCKY

and no other. Do not delay placing your orders and there will be no disappointments, as is the case each season when we are forced to resort to the river and express, which makes an additional expense. Every Drill is warranted to be just as represented. Do not allow yourself to be talked into buying some inferior Drill for the sake of saving a few dollars. Remember the cheapest is not the best, but the best is always the cheapest. Respectfully,

BANKS' STOCKHOLDERS

Must Pay the Taxes. Is the Holding of State Auditor Stone.

LOUISVILLE, KY., Sept. 15.—Under a recent decision of the courts it has been held that national banks could not be taxed as banks, but it is said that stock in the banks in the hands of private persons may be taxed as other personal property is taxed.

It is known now that it is the purpose of State Auditor Stone to insist on this tax on stock in national banks, and steps will shortly be taken to enforce the collection by due process of law.

In other States the banks have thought it best to pay for the stockholders as a matter of accommodation to the State and to the stockholders. No arrangement of the kind has been made in Kentucky, but Auditor Stone has said that if the banks would not pay the taxes he would see that the individual stockholders did.

The flag raising at the handsome new school building in district No. 50 Friday afternoon attracted a large crowd and proved a very pleasant affair. The services were under the auspices of the local Council, Jr. O. U. A. M., and Dr. Jansen, one of the State officials of the order, delivered an address, setting forth the principles of the order. Thomas M. Russell, Past Councilor of Council No. 16, presented the flag, and on behalf of the trustees the flag was accepted by Mr. Thomas A. Davis. Mr. Russell also presented the district a Bible for the new house.

Glorious News

Comes from Dr. D. B. Cargile, of Washington, I. T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of scrofula, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows what thousands have proved,—that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Only 50 cents. Sold by J. J. Wood & Son, druggists. Guaranteed.

SCHOOL BOOKS.

A Comparison of the Prices Charged in Kentucky With Prices Fixed Under a State Law in Kansas—The Chinn Bill.

Mr. Will Gibson, who is visiting his brother-in-law, Mr. Charles Walz, in Missouri, favors the BULLETIN with a copy of the Galena (Kan.) Republican. Will is evidently keeping himself posted on Kentucky politics as he sends a comparison of the prices of school books in this State with the prices charged in Kansas under a law similar in some respects to the Chinn bill, which Democrats have endorsed in their present fight in this State. A study of these prices will be interesting just now:

Prices now charged in Kentucky.	Prices under State law in Kansas.

Women Who Wear Well.

It is astonishing how great a change a few years of married life will make in the appearance and disposition of many women. The freshness, the charm, the brilliance vanish like the bloom from a peach which is rudely handled. The matron is only a dim shadow, a faint echo of the charming maiden. There are two reasons for this change, ignorance and neglect. Few young women appreciate the shock to the system through the change which comes with marriage. Many neglect to deal with the unpleasant drains which are often consequent on marriage and motherhood, not understanding that this secret drain is robbing the cheek of its freshness and the form of its fairness. As surely as the general health suffers when there is derangement of the health of the delicate womanly organs, so surely when these organs are established in health the face and form at once witness to the fact in renewed comeliness. Half a million women and more have found health and happiness in the use of Dr. Pierce's Favorite Prescription. It makes weak women strong and sick women well.

Meteor-Claybrook.

The marriage of Miss Frances Claybrook, daughter of Mr. and Mrs. E. P. Claybrook, of Bourbon County, and Robt. Meteor is announced to occur Oct. 12. It is to be a very quiet home wedding. The prospective bride has many relatives and friends in this county.

A Word To Old Soldiers.

Old soldiers, vote for Goebel and Alexander and they will see that a man will represent you in Congress who will condemn the rule now in force in the Pension Office that requires a soldier's widow to prove her virtue before she can draw a pension.

The Appetite of a Goat

Is envied by all poor dyspeptics whose stomach and liver are out of order. All such should know that Dr. King's New Life Pills, the wonderful stomach and liver remedy, gives a splendid appetite, sound digestion and a regular bodily habit that insures perfect health and great energy. Only 25c. at J. J. Wood & Son's drug store.
